DIGIWISE: The LAB of InDesign | July 2023

Forging Excellence: The Metal Fabrication Chronicle - Your Gateway to Precision Engineering Solutions

Tandem Trailer Tech is a manufacturing company that specialises in agricultural trailers, dumpers, and light and heavy duty steel fabrication products and services.

This company has obtained its experience and expertise from the former Tandem Scania and Tandem Trailers (based in Zimbabwe).

It also has an engineering projects division, a construction division and a large repair bay in Lusaka, with a pool of professional technicians

WE REFLECT ON GOOD RELATIONSHIPS AND WE APPRECIATE OUR CLIENTS WHO HAVE BEEN WITH US FOR SOME TIME.

WE HOPE TO FOSTER AND BUILD NEW RELATIONSHIPS, AND CANDIDLY WORK TOGETHER TO ACHIEVE OUR BUSINESS OBJECTIVES.

At Tandem, we take immense pride in our commitment to delivering top-notch engineering solutions, and quality assurance lies at the core of our operations. As a leading engineering company, we understand that our clients place their trust in us to provide reliable, safe,

and innovative products and services. We invest heavily in quality planning and risk assessments to identify potential challenges early on. By addressing these issues proactively, we can minimize the chances of costly reworks or project delays.

PARTNER WITH US, GROWTH IS WHAT WE ASPIRE TO AS A MANUFACTURING COMPANY

Invest in our services for greater returns on investment, we offer service packages at unbeatable prices. As our client we make efforts to increase your business productivity by offering quality services, and ensuring that the service rendered builds trust in company relations. Work with a company that has your interest at heart, success is a journey we wish to embark on with you. We receive new clients on a regular basis and we encourage you to partner with us for future endeavours, your assets are in good hands.

WE MANUFACTURE INDUSTRIAL STORAGE TANKS

Industrial storage tanks are vital components of numerous industries, serving as reliable vessels for storing a wide range of substances, including liquids, gases, and granular materials. These tanks play a crucial role in safeguarding resources, facilitating production processes, and maintaining a seamless supply chain.

a. Above-Ground Storage Tanks (ASTs): These tanks are located above the ground and commonly used for storing liquids, such as petroleum, chemicals, and water. They come in various configurations, including vertical, horizontal, and spherical designs.

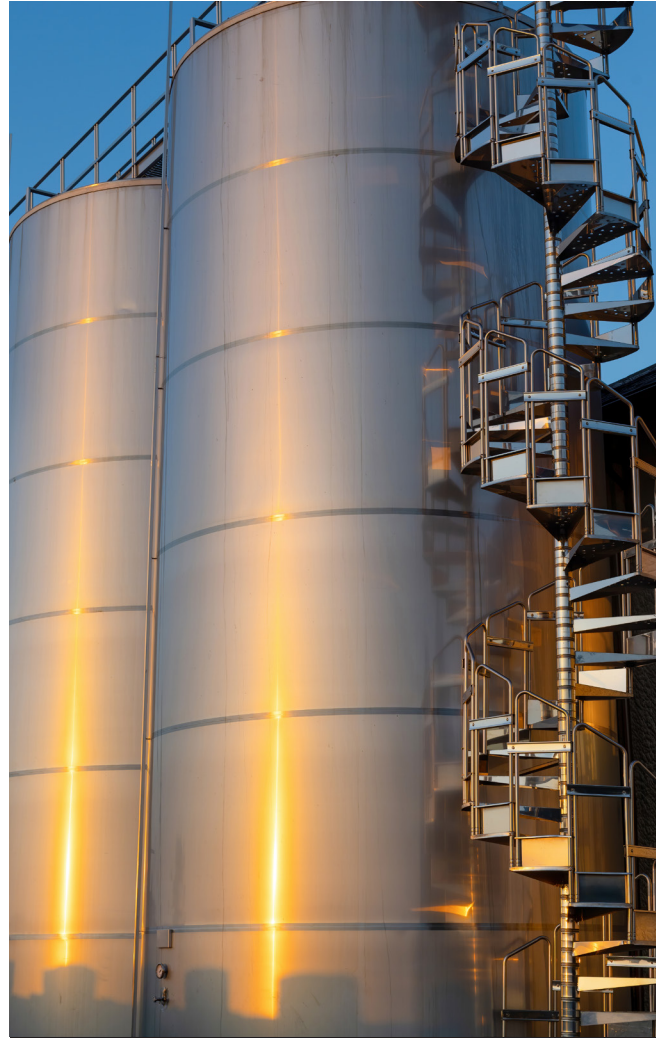

b. Underground Storage Tanks (USTs): Buried beneath the ground, USTs are primarily used for storing petroleum products and hazardous materials, providing an unobtrusive storage solution.

WE MANUFACTURE UNDERGROUND TANKS AND SKID FUEL TANKS

SKID TANKS: AN EFFICIENT SOLUTION FOR SAFE FUEL STORAGE

Skid tanks, also known as mobile fuel tanks or fuel skids, are versatile and efficient containers designed for safe storage and transportation of various liquids, particularly fuels. These tanks are constructed on a steel skid base, enabling easy mobility, making them ideal for remote locations, construction sites, mining operations, and emergency response situations.

WHY YOU SHOULD CHOOSE US AS YOUR MANUFACTURERS

Choosing Tandem as your main storage tank supplier ensures a partnership built on trust, reliability, and quality. Our state-of-the-art manufacturing facilities, equipped with cutting-edge technology and staffed by experienced professionals, allow us to craft storage tanks that meet the highest industry standards. Whether you require above-ground or underground tanks, for petroleum, chemicals, water, or other substances, our diverse range of tank types and construction materials ensures we can cater to your unique needs. We go the extra mile to understand your requirements and design tailor-made solutions that optimize storage capacity and enhance operational efficiency.

MANUFACTURERS OF OFF-ROAD AND ON-ROAD TRAILERS, BODY-CONVERSIONS, REPAIRS AND PANEL BEATING

TANDEM TRAILERS IS A LEADING ENGINEERING COMPANY THAT SPECIALIZES IN MANUFACTURING PREMIUM OFF-ROAD AND ON-ROAD

Our expertise extends beyond trailers; we are also experts in body conversions, customizing vehicles to suit your unique needs.

With a passion for innovation and dedication to quality, we are proud to offer cutting-edge solutions that cater to diverse industries and applications.

Off-Road Trailers:

Tackling rough terrains and exploring the great outdoors requires reliable equipment.

Our off-road trailers are built to withstand the most challenging environments, ensuring your adventures are both safe and enjoyable.

Each off-road trailer is crafted with precision using high-quality materials and the latest manufacturing techniques. From camping and overlanding to utility and expedition trailers, we have the perfect off-road solution for your needs.

WE MANUFACTURE SKID BINS FOR MUNICIPAL COUNCILS

IF ITS MADE FROM STEEL, WE CAN MAKE IT

At Tandem Trailers, we understand the significance of efficient waste management and material handling in various industries. Our skid bins are designed with versatility, durability, and user-friendliness in mind, making them the ideal choice for a variety of applications. We recognize that different industries have unique requirements. Therefore, we offer a range of customization options to tailor our skid bins to your specific

BODY CONVERSIONS

In addition to our exceptional trailers, Tandem Trailers boasts a team of skilled engineers capable of performing top-notch body conversions. Whether you need to transform your vehicle for commercial use, emergency services, or any specific purpose, our experts will work closely with you to understand your requirements and deliver tailored solutions that exceed your expectations.

TANDEM TRAILER MANUFACTURES

On-Road Trailers:

When it comes to transporting goods or equipment on the road, efficiency and reliability are crucial. At Tandem Trailers, we offer an impressive range of on-road trailers designed to streamline your operations and keep your cargo secure. From flatbeds and enclosed trailers to specialized haulers, our on-road trailers are engineered to deliver outstanding performance and longevity.

We manufacture and repair for many logistics companies in Lusaka, with assurance we gladly give our clients the best service.

WHY CHOOSE TANDEM
